OBJECTIVE

As a diligent and enthusiastic recent graduate with a Bachelor's degree in Computer Science, I am eager to commence my career as a developer and contribute positively to innovative projects within a dynamic team environment. With a solid foundation in HTML, CSS, JavaScript, and MERN stack technologies, acquired through both academic coursework and practical projects, I am poised to apply my technical skills and aptitude for problem-solving to real-world challenges. I am committed to continuous learning and professional growth, and I am excited about the opportunity to leverage my abilities to drive impactful solutions in software development.

EXPERIENCE

MERN Stack Intern - Mashupstack

December 2023 – Present Kerala, India

- Empowered by my tenure as a MERN Stack Intern at Mashupstack, I embarked on a comprehensive exploration of MERN stack technologies..
- Delving deep into their intricacies and functionalities, I honed my skills in developing robust web applications using MongoDB, Express.js, React, and Node.js.
- Through hands-on experience and mentorship, I collaborated with seasoned professionals, gaining invaluable insights into best practices and methodologies, further solidifying my expertise in full-stack development.

TECHNICAL SKILLS

- Languages:** HTML, CSS, JS, NodeJS, PHP
- Frameworks:** ExpressJS, React
- Libraries:** Bootstrap, Tailwind CSS
- Database:** MongoDB, MySQL
- Tools:** Git, Postman, Thunder client, Figma
- Payments:** Stripe, Razorpay

PERSONAL SKILLS

- Having Leadership Qualities.
- Ability to work under pressure.
- Comfortable Working Independently.
- Ability to take initiative to solve problems.

HOBBIES

- Exploring Places.
- Listening to Music.
- Playing video games.

EDUCATION

Bachelor of Computer Application - 7.83 CGPA

Bangalore North University

August 2020 – November 2023

Higher Secondary - 72%

Kerala State Board of Education

2020

PROJECTS

Food Recipe Web App

- Sleek UI with React and Tailwind:** Crafted an intuitive interface for recipe browsing and posting, blending React and Tailwind CSS to deliver an immersive user experience.
- Community-driven Recipe Sharing:** Empowered users to share their unique recipes and engage with fellow enthusiasts, fostering a vibrant culinary community.
- Social Interaction Features:** Enabled users to follow recipe creators, enhancing community engagement and facilitating recipe discovery tailored to individual preferences.

Movie Booking Web App

- Comprehensive Movie Selection:** Offered users a wide array of movie options to choose from, enabling them to browse through available films and select their preferred show-times effortlessly.
- Secure Payment Integration:** Implemented Razorpay payment gateway to facilitate secure and convenient online transactions, providing users with peace of mind while booking their movie tickets.

MedStore Management

- Developed a comprehensive system** to track medicine inventory, including details such as quantity, batch numbers, and expiry dates, ensuring accurate stock monitoring and replenishment.
